

Electrical Engineering at Lynhaven Elementary

Electrical engineering has not been around as long as some of the other engineering disciplines, but it is still very important. Without electrical engineers our world would be vastly different. Items from simple radios to computers and even some cars are run on electricity. The Electrical Engineering program is designed to introduce students to the concepts of circuit design, building, and maintenance through various hands-on activities. Students will walk away with an in-depth knowledge on basic circuits. **This is a 5-week session. ALL Students are responsible to walk to class. We need a minimum of 12 students to run the class. For questions please call the extensions department at 408-341-7283.**

Registration opens 1/7/2019. Space is limited. Registration is on a first come, first serve basis at cusdextensions.asapconnected.com.

Grades K-2
When: Wednesdays
Time: 1:10-2:10 pm
Starting: 1/30/19
Ends: 3/6/19
Room: Classroom as assigned
Cost \$150

Grades 3-5
When: Wednesdays
Time: 1:15 - 2:15 pm
Starting: 1/30/19
Ends: 3/6/19
Room: Classroom as assigned
Cost: \$150
